

BrokerTestSuite::testGetDocumentConLocation

```
graph LR; A[BrokerTestSuite::testGetDocumentConLocation] --> B[Document::getConversionLocation]; A --> C[Document::setConversionLocation];
```

The diagram consists of a central black rectangular box with white text. Two blue arrows originate from the right side of this box. One arrow points upwards and to the right, ending at a white rectangular box with a black border. The other arrow points downwards and to the right, ending at another white rectangular box with a black border.
